Sir,

Subject Discontinuance of the system of doles and diversion of the present Municipal grant of Rs 375/- that was being paid to the above to the Poor Students' Feeding Committee

Ref G O No L 3806-P/C M 33 52, dated 8-7-54, sanctioning the payment of a Municipal grant of Rs 375/- p m to the Poor Feeding Committee doles

---

In the above order, Government were pleased to accord sanction to the continuance of the Municipal grant of Rs 375/- p m to the Poor Feeding Committee (Doles) It was since found that as a result of the improvement in food situation, and the reduction in the prices of foodgrains, the giving of doles may be stopped In fact this system was started at a time when the food situation was very acute and the food prices were costly and it was not possible for the poor people even to purchase a little quantity of staple food like rice This situation is no longer existing at present

The system of providing meals to students was also started at the sametime when the system of doles was started and from the statistics of the work done by the Poor Students Feeding Committee in this behalf, it is seen that the number of students that were receiving help upto the end of 1951-52 were between 60 and 160 During 1951-52, the Poor Students Feeding Committee deposited a sum of Rs 10,000/- towards the

purchase of 20 acres of lands in Chamanahally village ~~is under cultivation~~. The funds of the Committee have, as a result, been crippled and it has not been possible for the committee to help more than 50 students for want of sufficient funds every year But ~~x~~ the ~~number~~ number of educational Institutions have increased in recent years and a good number of students were found to be in dire need of help The Council have therefore approved of a note to divert the funds that was being given to the Poor Feeding Committee Doles to the Poor Students' Feeding Committee After the lands in Chamanahally are brought under cultivation it would be possible to help a still greater number of students deserving help

I enclose a copy of the resolution and also the note and request you kindly to obtain orders of Government for the above resolution of the Council to discontinue the system of giving doles and to divert the monthly grant of Rs 375/- from Poor Feeding Committee (Doles) to Poor Students Feeding Committee

It may be added that the rules required to be framed for the continuance of the Municipal grant to the Poor Students Feeding Committee as directed in G O No L 17596-7/CM 22-53-24 dated 31-3-1954 have been duly framed and are in the course of getting registered under the Societies Act

Yours faithfully,

(N Lakshman Rau)
Municipal Commissioner

OFFICE NO
Poor Students Feeding Committee

The list accompanying this note shows the amount of donations collected, the municipal grant and the number of students that received help from the poor students feeding Fund for the past several years. The donation collected shows a decrease. Sri Choudiah who was taking very keen interest in collecting funds informs me that it is rather hard to collect donations during this year and he feels that we may have to confine to the municipal grant. If that is to happen, it may not be possible to help more than 25 students. There are 500 applications and of them there are several deserving students.

The Council has been very generous in helping even the poor people. At a time when the food situation was very acute and costly it was not possible for poor people even to purchase. It was then the Municipal Council began giving doles to poor people. At present there is an annual grant of Rs 4500. Happily for us, the food situation has improved. The price of foodgrains has come down very appreciably. It is felt by certain sections of the people that giving doles may be stopped and the same fund diverted for helping the students. I also feel that helping the students is a better form of charity and not much hardship would be caused to the present recipients of doles if it is stopped. We are only giving 2½ srs of rice for each individual. If the Council agrees to divert the present grant for doles to the poor students feeding fund, it might be possible to help another 56 students (Rs 4500 divided by Rs 80/- calculated at Rs 10 per month for a period of 8 months).

Therefore this note is circulated among the members of the municipal council. If the council has no objection to kindly consider this note, on the 30th August 1954, it would help the poor students feeding committee to make allotment at least by the first week of September 1954. It is already 2 months since the academic year has begun. I feel that this is an urgent matter deserving of the attention of the council.
